

Road Safety at Caldicott

Jonny Timms, Deputy Head (Pastoral)

All the boys in 1st - 3rd Forms have listened to talks about road safety this year and we want to make our annual plea to parents about driving safely around Caldicott. There are many cars and minibuses at school every day and boys' safety is our top priority. We therefore urge parents, staff and visitors to drive very slowly around the school site and to respect the green pedestrian paths. We would be most grateful if anyone parking in the hard surface could enter at the road end. If parents are dropping their sons at the front of the school, we ask that they please do this before the pedestrian crossing as there is more room and this helps with traffic flow.
